REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art fails to teach a combination of all the limitations as claimed in the independent claim 1, wherein the claimed invention comprising eye shields having side portions and temples connected to said side portions, for engaging a wearer's ears, a support member having opposite end positions, means for pivoting each end portion of said support member to respective side portions of said eye shields, said support member being spaced outwardly from the front of said eye shields, and reading glasses pivotally connected to the medial portion of said support member as claimed. The prior art does not disclose or fairly suggest, by themselves or in combining with any other reference, to meet a combination of all the limitations as claimed in claim 1. Therefore claims 1-4 could be allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
